

# MIGHTY GOD

## VERSE 1

You set the galaxies in motion  
Spoke a word and there was light  
You formed the mountains and the oceans  
And out of nothing You brought life  
In You the whole world holds together  
Every snowflake in the sky  
Every atom for Your pleasure  
All created by Your might

## CHORUS

Mighty God Lord of all  
Nothing is impossible  
Mighty God, All powerful  
Nothing is impossible

## VERSE 2

You fought the battle on the front lines  
Your death has washed away our sin  
Made us a family with Your bloodline  
Only You can do this

## CHORUS

Mighty God Lord of all  
Nothing is impossible  
Mighty God, All powerful  
Nothing is impossible

## BRIDGE

Your mighty in glory  
Mighty in strength  
Mighty in all Your ways  
Your mighty in mercy  
Mighty in grace  
Mighty in all Your ways

You're mighty in power  
Mighty in love  
Mighty in all Your ways  
You're mighty in wisdom  
You're mighty to save  
Mighty in all your ways

## CHORUS

Mighty God Lord of all  
Nothing is impossible  
Mighty God, All powerful  
Nothing is impossible
