

PRINCE OF PEACE

VERSE 1

Oil in the water
And blood on the ground
A cycle we're caught in
When violence abounds
And the ocean reminds us
When blue turns to red
That our hate for each other
Condemns us to death

CHORUS

Prince of Peace, over all
in Your Name they will fall
Every spear, sling, and arrow
Every sword great and small
Prince of Peace, Take control
Take us body and soul
Every chain will be broken
Every heart be made whole

VERSE 2

When a young girl is slave to
the evil of man
And the system is chained to
The greed of the land
And our hearts become callous
Through what we have seen
All the darkness and malice
Oh we long to be free

CHORUS

Prince of Peace, over all
in Your Name they will fall
Every spear, sling, and arrow
Every sword great and small
Prince of Peace, Take control
Take us body and soul
Every chain will be broken
Every heart be made whole

BRIDGE

Peace, peace, peace
Prince of Peace, peace, peace
Peace, peace, peace
Prince of Peace, peace, peace

CHORUS 2

Prince of Peace Lord of all
At your feet they will fall
Every sin sickened sinner
Every fortified wall
Prince of Peace, Take control
Take us body and soul
Every chain will be broken
Every heart be made whole

BRIDGE

Peace, peace, peace
Prince of Peace, peace, peace
Peace, peace, peace
Prince of Peace, peace, peace
